

Rackmount Power, 9 Outlet, 15A, Basic Surge Protection **SKU: PD-915R-PL**

Power your rack with the power distribution unit designed specifically for AV applications. From just one rackmounted PDU you can protect all your devices from surges and provide EMI filtering. Plug it in, feel confident, and simply focus on creating an amazing AV experience. Select Series Rackmount PDUs Features & Benefits

- 15 Amps
- 9 total outlets - Rear distribution outlets **PLUS** one front convenience outlet.
- 9' SignalSAFE™ power cord
- **Rear distribution outlets.** Keep your rack organized and cables easy to manage.
- **Want to make installation a breeze?** The extended chassis depth is designed to make it easy to plug in equipment. No more struggling to reach the plug in the rack!
- **Protect your equipment.**
 - Basic surge protection
 - Built in EMI filtering
 - Line to neutral surge protection ensures the ground is not contaminated
- **Keep it tight.** This PDU occupies only one rackspace.
- **Worried about interference?** The attached SignalSAFE™ power cord minimizes potential interference from AC magnetic fields from other equipment in the rack.
- **Tamper proof.** No switch on the front of this PDU to keep other's hands off. A light indicates whether PDU is receiving power or not.
